DCI SECURITY COMMITTEE
MONTHLY ACTIVITIES REPORT
MAY 1980

1. A career security officer was assigned to the Committee staff to fill the position responsible for compartmentation matters. This permits active security consultant services to be provided COMIREX and its TK Modification Working Group. It will also enable the Committee staff to work more closely with the Unauthorized Disclosures Investigations Subcommittee. []

25X1

2. A Committee staff member arranged compartmented security briefings for the new judge named by the Chief Justice to the U.S. Foreign Intelligence Surveillance Court. Arrangements were also made for Judge O'Kelley to meet with the DCI and DDCI and their staff for discussions on Intelligence Community matters. []

25X1

3. The Committee staff drafted and has in coordination proposed briefing guides for use with personnel being granted access to operational or product compartments within the APEX control system. []

25X1

4. The Security Advisory Group USSR continues to develop and coordinate security measures to safeguard the new U.S. embassy under construction [] Initial shipments of material for that facility have been made using appropriate security arrangements. []

25X1A

25X1

5. The Security Awareness Working Group met to discuss the development of innovative training aids for use throughout the Intelligence Community. A priority item concerned focus on planning for a suitable presentation to alert industrial contractors to the hostile intelligence threat which confronts industry. []

25X1

6. The Investigative Standards Working Group met for a preliminary discussion of the expanded use of polygraph examinations within the Intelligence Community. The meeting was highlighted by presentations from CIA and NSA. []
